## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Applicant is advised that the Notice of Allowance mailed 1/30/08 is vacated. If the issue fee has already been paid, applicant may request a refund or request that the fee be credited to a deposit account. However, applicant may wait until the application is either found allowable or held abandoned. If allowed, upon receipt of a new Notice of Allowance, applicant may request that the previously submitted issue fee be applied. If abandoned, applicant may request refund or credit to a specified Deposit Account.
2. Claims 5, 8 and 32 are allowed for reasons noted in the Office action mailed 10/23/07.

### ***Claim Rejections - 35 USC § 101***

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

4. Claims 17 and 20 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Specifically, paragraph 0032 of the Specification defines signal-bearing media as being paper "punch" chards, analog or digital transmission media, and wireless communications, which are all non-statutory. Applicant is advised to amend the Specification or cancel claims 17 and 20.

### ***Claim Rejections - 35 USC § 112***

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claim 29 recites the limitations "the second number" and "the next wakeup time in line14. There is insufficient antecedent basis for this limitation in the claim. To correct this matter, claim 29 should be amended to include the limitations of claim 26 as this was an intervening claim between claims 25 and 29. Applicant previously agreed on 1/9/08 to an Examiner's Amendment to amend claim 29 to include claim 26. Since the Notice of Allowance including said Examiner's Amendment was vacated, Applicant is requested to include this amendment in the next communication. Appropriate correction is required.
